imaginative technologies, and increasingly intricate wordplay...This short novel warrants multiple readings to fully unlock its complexities.” —Publishers Weekly (starred review). From award-winning authors Amal El-Mohtar and Max Gladstone comes an enthralling, romantic novel spanning time and space about two time-traveling rivals who fall in love and must change the past to ensure their future. Among the ashes of a dying world, an agent of the Commandment finds a letter. It reads: Burn before reading. Goldsmith 2010-09-03 Your hard work is paying off. You are doing well in your field. But there is something standing between you and the next level of achievement. That something may just be one of your own annoying habits. Perhaps one small flaw - a behaviour you barely even recognise - is the only thing that's keeping you from where you want to be. It may be that the very characteristic that you believe got you where you are - like the drive to win at all costs - is what's holding you back. As this book explains, people often do well in spite of certain habits rather than because of them - and need a "to stop" list rather than one listing what "to do". Marshall Goldsmith's expertise is in helping global leaders overcome their unconscious annoying habits and become more successful. His one-on-one coaching comes with a six-figure price tag - but in this book you get his great

advice for much less. Recently named as one of the world's five most-respected executive coaches by Forbes, he has worked with over 100 major CEOs and their management teams at the world's top businesses. His clients include corporations such as Goldman Sachs, Glaxo SmithKline, Johnson and Johnson and GE.

### **Damn' Rebel Bitches**

Maggie Craig 2011-09-09

Damn' Rebel Bitches takes a totally fresh approach to the history of the Jacobite Rising by telling fascinating stories of the many women caught up in the turbulent events of 1745-46. Many historians have ignored female participation in the '45: this book aims to redress the balance. Drawn from many original documents and letters, the stories that emerge of the women - and their men - are often touching, occasionally light-hearted and always engrossing.

Peter Hennessy and Robert Shepard combine both approaches with the art of the interviewer, a craft at once sensitive and probing. *Reflections* collects transcripts of the best interviews from the BBC Radio 4 series *Reflections* with Peter Hennessy, a show on which the British political elite have spoken candidly about their careers and the moments that came to define their political lives. Supplementing the interviews are short biographies and profiles of the interviewees, allowing readers a fuller picture of each speaker's background and professional trajectory. This revealing book includes conversations with political heavyweights such as former prime minister John Major; former foreign secretaries Margaret Beckett, David Owen, and Jack Straw; Labour Party leader Neil Kinnock; Liberal Party leader David Steel; and chancellor of exchequer Nigel Lawson. #### The Battle of the Atlantic

Bernard Ireland 2020-07-19

The authoritative naval historian Bernard Ireland takes a fresh and fascinating look at the long and bitter struggle waged by the Allies against the Nazi U-boat threat. After sifting through the evidence, old and new, he questions the popular theory that it was a 'damn close-run thing'. He cites the massive resources that the United States brought to bear both at sea and in their shipyards, together with advances in technology and the breaking of German codes by Enigma. Far from 'revisionist' history, this is a

closely argued work that demands reading.

### **Dream Quest: A Seeker's Guide to Finding the Purpose of Being**

Justan Mann, PhD 2018-03-07

Dream Quest reveals a series of vivid lucid dreams that foretell the future and delve into the nature of being. The dreams happened as described, although they are presented within the context of a fictionalized trek that is set on the slopes of New Hampshire's Mount Major. Alexander and his companions Verity and Futura eventually find

refuge from the night's chill within Madame Leonedria's grotto. Therein, his dreams about the future, human nature, and reality are discussed in depth.

Alexander felt both cursed and blessed by these remarkable events, for the gift that allowed him to find a metaphysical path to God's door slowly began consuming his mind. Indeed, the condition that sparked his visions degenerated Alexander's brain, and his memories are now fading. However, the experiences were recorded long ago, and they leave a message that might change your life. This is far more than a book about spirituality or morality. This is a quest for purpose.
